The App has been developed with robust security framework and offers a seamless interface to the users. There are many groundbreaking features such as flashcards, easy share options, and a notable feature of the bookmark option not only for e-books but also for audio book narrations that are integrated into the App design.

On the launch Sri Ananda Tirtha Dasa, Trustee and COO, Bhaktivedanta Book Trust shared his vision behind the app. He said "Transcend App has been designed for all the spiritual seekers who are on a spiritual path or wish to embark on the spiritual journey of self-discovery. Today people are spending several hours in daily commute and domestic mundane chores. This App will help people convert their commute and daily chore time into a transformative opportunity to connect with the divine within. Moving forward various foreign languages will also be added."
